Your advantages

- **Nine different programs per basket make it possible to prepare the perfect Viennese Schnitzel at the push of a button**
- **The GRILL & FRY DIGITAL GRIDDLE PLATE enables unskilled personnel to prepare the perfect Viennese Schnitzel as if it was souffléed in a pan**
- **The integrated automatic basket lift guarantees the desired cooking result**
- **With the time-programmed processes, different products can be prepared with the same quality**
- **High output is reached due to constant temperature**
- **With the integrated automatic oil pump and filter system, the oil can be filtered several times during operation**
- **Multifunctional use: If the baskets are removed, the GRILL & FRY DIGITAL GRIDDLE PLATE can be used as a high-performance Griddle and Teppanyaki-Grill**
- **Whether with fresh or with convenience products, the automatic cooking processes suit the used products due to the many programming possibilities**
- **No turning of the products is necessary due to specially developed baskets**
- **Simple cleaning with clear water and stainless-steel sponge**
- **Energy-saving at high performance and stable construction**

With the
BOHNER®
GRILL & FRY DIGITAL
GRIDDLE PLATE
and its fully automated
cooking process,
your Viennese Schnitzel
will turn out perfectly
with nice souffléed breading
and always in the same quality!

“Like souffléed in the pan!”
